IMPORTANT INFORMATION REGARDING WINDOW SAFETY

Every family member should know how to operate the windows that are used for fire emergencies. Delays in escaping from a fire costs lives and increases injuries. Make sure that your windows easily open from the inside and are not blocked by furniture or other objects. Remember that security bars, grills and grates help keep intruders out, but they can also lock you in. The same holds true for window guards. In case of an emergency everyone should be able to get out through an operable window without using tools, keys, cranks, or special effort.

This warranty is subject to the conditions and limitations set forth below.

Very simply stated...

"We warrant that all mechanical parts, including the sealed insulation glass units of your WeatherBrite™ Windows & Patio Doors will be free of manufacturing defects during the lifetime of the original purchaser, plus the lifetime of the next homeowner of the home where the windows are installed. This warranty also includes glass breakage coverage."

WeatherBrite™ Windows & Patio Door Systems warrants that the entire window and all of it's working mechanical parts, including the sealed insulating glass units will be free of manufacturing defects for the lifetime of the purchaser plus the next subsequent homeowner.

2 LIFETIME GLASS BREAKAGE COVERAGE
Superior Home Improvement will replace broken glass panes in any WeatherBrite™ Window & Patio Door due to manufacturing defects and any other reason associated with normal home ownership. We will replace all damaged panes including the cost of materials and labor. Intentional or repeat window glass breakage will void this portion of the warranty.

3 RESIDENTIAL COVERAGE
The lifetime coverage offered by this warranty is intended to cover individual residential homes, and does not apply to products installed in commercial construction or any other type of building not used by homeowners as their residence or residential rental property.

4 LIFETIME COLOR WARRANTY
WeatherBrite™ Window & Patio Door Systems will maintain it's manufactured color closely as it naturally ages; However, atmospheric pollution and residues deposited on the window can temporarily discolor it. Mild soap or detergent are usually all that is necessary to restore it to it's brilliant manufactured color.
